It Isn't Your Town--It's You.

If you want to live in the kind of town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike,
You'll only find what you left behind,
For there's nothing that's really new.
It's a knock at yourself when you knock
your town,
It isn't your town—it's you.

Real towns are not made by men afraid
Lest somebody else gets ahead.
When everyone works and nobody shirks,
You can raise a town from the dead.
And if while you make your personal stake
Your neighbor can make one, too,
Your town will be what you want to see.
It isn't your town—it's YOU.

Del Monte Beans

No better beans are raised anywhere than in California. Beans from our interior counties are exported far and wide. Eastern canners are glad to get California beans, because they know from experience that ours are extra good.

So, if California produces fine dry beans, why send across the Rockies for canned ones? We'll stop doing it. We'll take Del Monte, the brand with the real California ring to it, and we'll boost it over its Eastern rivals; first, because Del Monte Beans are so satisfactory; second, because they are cheaper; third, because they are home production.

In a can of Del Monte Beans are full 16 ounces of wholesome food, one-third more net weight than you are accustomed to expect for 15c. Home production makes the extra quantity possible--there's no long journey by freight to pay for.

You always need canned pork and beans—rich, tender, tasty ones—among the ready-to-serve items on your pantry shelves. Order Del Monte next time. One pound net, 15c.

State Banks Are Safest

Not because the combined assets of all State Banks amount to more than TWENTY THREE BILLION DOLLARS, but because of the excellent banking laws of the State of California which safeguard all deposits and are particularly strict in respect to savings deposits.

Although in the State of California two disastrous bank failures have occurred during the past few years, not a single depositor in a STATE Bank has lost any money.

Garden City Bank & Trust Co

offers you the security of its MILLION DOLLAR CAPITAL and SURPLUS, the integrity and years of financial experience of its officers and managers and also the benefit of both STATE and NATIONAL supervision. It is a State Bank and also a member of the FEDERAL RESERVE SYSTEM.

Garden City Bank & Trust Co.

BOLTON ORCHARD HEATER

The Bolton Orchard Heater is the result of many years of experiment and experience. Today it stands without a peer. It pioneered and blazed the way to fortune for many a disheartened grower. With its simple devices for perfecting and regulating combustion, for deflecting the flame and for the gathering and burning of soot, it has reached the highest state of efficiency and practicability.

The Bolton Orchard Heater has an almost perfect combustion, and on a filling of oil will generate as great a heat as it is possible in an open burning oil. Many authorities contend that smoke is of benefit, and we agree inasmuch as the smoke acts as a blanket and retains the heat, and at the same time prevents immediate thaw. No oil-consuming device of the open type can be operated without creating ample smoke for the purpose necessary, but the vital element is the heat immediately generated to hold the temperature at the point of safety against a sudden fall.

We have a large supply of these Heaters on hand. Our prices are Factory Prices.

C. H. WHITMAN

HARDWARE AND PLUMBING

Locals and Personals

Miss Rodgers, a former teacher in the Campbell schools, was a visitor at the schools Friday.

Mr. and Mrs. Nicholas Dunphy and Harriet were home for the week-end, at the R. E. Dunphy home.

Miss Doris Leviston visited her uncle and aunt, Mr. and Mrs. Geo. Phelps, over the Blossom week-end.

E. A. Barker and family and Mrs. C. L. Watson went to Los Angeles last week by auto, for a ten days' trip and visit.

Word was received by Guy Shepherd Wednesday that F. R. Glover has been taken to the hospital at Redlands, with acute stomach trouble.

Frank Mendel completed his work at Stanford Wednesday, returning to Campbell that day, and put in the remainder of the week nursing a case of flu.

Miss Ruth Henderson, of Berkeley, is a guest of Miss Elizabeth Denbigh, at the B. K. Denbigh cottage on Sunny-oaks avenue, for the week.

Mr. and Mrs. H. N. Baird, of Ceres, motored over Friday for a few days' visit with their friends Mr. and Mrs. O. G. McConnell, on Johnson avenue.

Karl Bohnett is here from his San Benito county ranch, for a short visit with his parents. The family enjoyed a reunion at the new Bohnett home on Sunday.

Clare and Virginia Bryant were down for the week-end, enjoying the fragrance of the valley. They also took in the School play, viewing it from the gallery this time.

Mr. and Mrs. Ralph Hartwell and Mr. Hartwell's brother motored down from Oakland the first of the week, for a visit with Mrs. Hartwell's cousins, Mr. and Mrs. H. V. Archibald.

The adjourned annual meeting of the Library Association will be held at the Campbell library, Friday evening, April 9. All parties interested in the welfare of the library are invited to attend the meeting.

Judge J. and Mrs. Batterton, of Sisseton, S. D., and Miss Olive Knappen, of San Francisco, were callers at the H. C. Smith home, Sunday, to visit Jim and Dick Knappen. Mr. and Mrs. Batterton have been spending the winter in the south, and are en route to their home in the "frigid zone." They were much pleased with the valley, and hope to return next year.

Grammar School Wins

Campbell Grammar School defeated Los Gatos at base ball Thursday afternoon, on the local diamond, in a very close and well played game. The score was 4 to 3. The Campbell players were:

James Yarnall, ss
Franklin Blaine, lf
George Osborn, p
Irwin Henry, lb
Lawrence Ferro, 2b
Antone Bonagracia, 3b
Kenneth Lewis, cf
Tony Furiado, rf
Louis Bonasich, c

This is the fourth straight game that our boys have won, and they are developing into a very fast team.

Trophy Cup To Be Presented C.U.H.S.

A program of great interest was presented to the Country Woman's Club Monday, the committee in charge being Mrs. C. H. Whitman and Miss Jessie Lewis. Mrs. Whitman gave a travelogue on "The Cathedrals of Europe," profusely illustrated with photos of the buildings, and details of architecture, sculpture and paintings. Having visited these scenes, the talk bore a personal note which added greatly to its interest.

Miss Lewis' story was on "Celebrities of France," including men and women of note in the musical, literary and artistic worlds of the last century. These biographies were presented in a very interesting way, and bore evidence of a wide research through a prolific field.

One item of the afternoon's business, in which the members all evinced much interest, was the decision to donate a trophy cup to the High School for the perpetuation of the names of the successful contestants in the tryouts for the Shakespearean readings. Each year the names of the boy and girl who win out in the local contest, whether or not the state contests at Berkeley are continued, will be inscribed on the cup.

The Country Woman's Club, being first of all a literary club, is always interested in fostering a love for the best in literature, and these contests, including the rendition of passages from Shakespeare, Tennyson and other classic writers, cannot help but arouse such an interest. It is hoped that the presentation of this cup may stimulate the students in larger numbers to enter the tryout.

This year's contest will be held the afternoon of April 12, and the club members have been invited to attend.

Cong'l Church Easter Service

Easter will be celebrated at the Congregational church, with special services both morning and evening.

At the morning service the choir will render a number of selections appropriate to the day. There will be a sermon by the pastor on "The Risen Life," followed by the reception of members and the communion service.

At 7:30 the Sunday School and Pageant committee will present an attractive program of a musical nature, closing with one of the splendid pageants for which the committee is famous.

A cordial invitation is extended to all.

The debating class of the C. U. H. S. spent Monday at Stanford consulting the library records.

The regular April meeting of the Home and School Club, which would occur next Tuesday, has been postponed until the following Tuesday, April 13, on account of the District Congress of Mothers convention in San Jose, April 6 and 7.

Mr. and Mrs. E. R. Kennedy, Mrs. Mary Palmer and R. W. Kennedy, Sr., arrived home Monday evening from their visit in the southern part of the state. Although having enjoyed a very pleasant vacation, they are glad to return to their "native haunts."

Sol. Jacobs writes that he expects to return to Campbell tomorrow, after an extended business trip through the south, and will begin the improvement and remodeling of the California Canneries Company's plant on his return. When this work is completed it is planned to about double the capacity of the plant.

SHREWD FARMERS

Don't make excuses for themselves or their friends in business by saying, "I'll have the cash for you next week."

No. The intelligent, far-seeing farmer carries a check book and writes an order on the Bank for the amount required. That's the safe, sensible way. It's the easiest plan to have a record of each transaction.

Practical for you? Yes, any time and place, every day.

Quality Stationery, at Smith's

Golden State News TERSELY TOLD

Santa Cruz.—The high school Parent-Teachers' Club at its meeting elected at delegates to the sixth district convention in San Jose on April 6 and 7 Mrs. Luciene Henderson, Mrs. H. K. Pierce, Mrs. M. L. Smith and Mrs. W. B. Parsons.

Los Angeles.—The Los Angeles County Grand Jury March 17 began an investigation of the high cost of potatoes. Thomas Lee Woolwins, district attorney, said the jury would try to determine whether growers had conspired to exact exorbitant prices and whether there had been any violation of the Cartwright act.

Redwood City.—Charging that her husband telephoned to her that the next time he tried to shoot her he hoped he would have better success, Mrs. H. E. Mootz, wife of a wealthy Stockton contractor, asked Judge George H. Buck to place her husband in custody. Mrs. Mootz is living with relatives in Redwood City. Judge Buck ordered Mootz's bail be raised from \$750 to \$5000, and remanded him to the custody of Sheriff Michael Sheehan.

Sacramento.—Because of dreams of living happily ever afterward, Paul Zelabo is out \$1600. He reported he met another Austrian in a pool hall here and that his new friend confided to him the money making scheme by which they could counterfeit bills and silver. The friend told him the secret device for their manufacture was in a suitcase he was carrying, and he left the suitcase with Zelabo as security while he went on a business trip with the latter's \$1600, to be invested in further machinery. After waiting for twenty-four hours for his partner to return, Zelabo decided to tell the police about it.

Los Angeles.—Representatives of practically all irrigation districts in the Colorado river basin, south of the Grand Canyon, met here March 17 in conference with the Los Angeles Chamber of Commerce and unanimously adopted a resolution that Congress should take measures promptly for controlling and conserving the waters of the Colorado. Colonel B. F. Fly of Yuma, Ariz., told the conference that the Colorado river "if harnessed, would produce power for every street car in the West, light for every home west of the Rocky mountains and leave a surplus equal to the total power requirements of New York city."

San Francisco.—Undaunted by the notification that his promised bride was to be refused admittance to the United States because of illiteracy, James Piplis, 128 Bartlett street, left March 18 for New York in an endeavor to meet the young woman and accompany her home to Greece. The bride-elect, Kanela Theodorou, arrived at Ellis island some time ago en route to San Francisco to wed Piplis. Piplis enlisted the help of the Travelers' Aid Society and her deportation was held up in the hope that she might learn to read. Yesterday he was notified that the girl would be sent back to Greece, and he at once started East in hopes of being able to accompany her back.

Redwood City.—The funeral of David Benedict Willard, 79, veteran of the Civil War and past commander of McKinley Post, G. A. R., Palo Alto, will be held March 18. Interment was in the Alameda cemetery. Willard died of influenza March 16. He is survived by three sons, Attorney John D. Willard of San Francisco, at whose home near here he died, and Milton H. Willard and Nathan Willard, living in Nebraska. Willard served under General Grant during the Civil War. He was wounded two days before General Lee surrendered.

San Francisco.—William A. Kelly, prohibition enforcement superintendent of the Pacific Coast, returned March 18 after a week organizing his forces in Oregon to find his office in the custom house so full of confiscated liquor he had no place to put down his grip. Some of his field agents, disguised as cowboys, had gone up to Truckee, reported to be "wide open," and raided nine saloons and gambling establishments. They got about \$5000 worth of whisky, brandy, wines and beer, and shipped most of the lot to Kelly's office to be destroyed. The raiders dumped one big cask of wine into the river.

Redwood City.—Two claims for \$38,862.50 each were filed March 17 against the estate of Loren Coburn, Pescadero millionaire, and the estate of his widow, Sarah Satira Coburn. The claims were filed by M. H. Herman of San Francisco, attorney for C. L. Littlefield, a neighbor of the Coburns. Littlefield alleges that on February 7, 1917, the Coburns jointly executed a note in his favor for \$75,000 and that the amount of the claim is for the note and accrued interest. Littlefield claims that no part of the note, which was made to him for business advice, has been paid.

FARMERS QUIZ U. S. CANDIDATES

Bryan Receives First Draft of Questionnaire Prepared by National Board

Washington. — William Jennings Bryan received March 17 the first copy of a questionnaire prepared by a committee of the National Board of Farm Organizations for presentation to all Presidential candidates in order to place them on record on matters of interest to farmers.

In accepting the questionnaire, Bryan said he was not at this time a candidate, but would study the series of inquiries and give the farm board his opinion upon them.

Bryan declared himself as heartily in accord with the principles of requiring candidates to put themselves unequivocally on record before entering the campaigns.

Elimination of the middleman, protection of the farmer in his right to organize, appointment of an expert acceptable to organized agriculturists as Secretary of Agriculture and representation for farmers on all boards and commissions are the main planks in the farmers' platform outlined in the questionnaire, according to C. S. Barrett, president of the national board and chairman of the committee which drew up the document.

The committee has listed nearly a score of active or prospective candidates to receive the inquiry and will add others as each candidate, active or receptive, assumes that status. The list now includes Vice-President Marshall, Senators Johnson, Poinsett, Harding, Lenroot and Owen; Governors Cox, Sprout, Coolidge and Goodrich; Herbert Hoover, Attorney-General Palmer, Governor Lowden and Major-General Wood.

The questions follow:

Will you do your best to bring about such direct dealing with producer and consumer as will secure to farmers a fair share of the wealth they create, reduce the cost of living to the consumer and limit or destroy the opportunity of the profiteer?

Will you do all that in you lies to secure to all farmers and consumers the full, free and unquestioned right to organize and to purchase and sell co-operatively?

Will you see that the farm people of America are represented on general boards and commissions in whose membership various interests are recognized, whether or not the work is directly concerned with agriculture?

Will you appoint a Secretary of Agriculture who knows actual farm conditions, who is satisfactory to the farm organizations of America, and who will cause more comprehensive studies of farm production costs at home and abroad and publish the uncensored facts?

Will you take action necessary to ascertain and make public all obtainable facts concerning the great and growing evil of farm tenancy, so that steps may be taken to check, reduce or end it?

Will you do your best to secure improved personal and commodity credit facilities on reasonable terms for farmers?

Will you earnestly endeavor to secure to co-operative organizations of farmers engaged in interstate commerce, service and supplies equal in all respects to those furnished private enterprises under like circumstances?

The railroads having been returned to their owners, if at the end of two years of further trial of private ownership the railroads fail to render reasonably satisfactory service to the people, will you then favor reopening the railroad question?

Will you use your best efforts to secure the payment of the war debt, chiefly through a highly graduated income tax, or otherwise, by those best able to pay?

Will you earnestly strive to uphold and enforce the national conservation policy, and especially to stop forest devastation, which has already more than doubled the price of lumber and paper to the consumer?

Will you do your best to secure and enforce effective national control over the packers and other great interstate combinations of capital or distribution of food and other farm products and farmers' supplies?

Will you respect and earnestly strive to maintain the right of free speech, free press and free assembly?

Oakland.—Awakened by a noise in his apartment at the Luzerne, 1925 Grove street, at 2:15 a. m. March 18, Edward N. Stevens was confronted by two men armed with revolvers. While one of the men pressed a gun at his side and threatened him with death if he made an outcry, the other searched his clothing, in which he found \$1200 in currency. The men then climbed to the street through the window by which they had entered the room. Stevens had planned to invest the money in a restaurant, and he believes the robbers overheard him discussing the deal and were aware of the fact that he carried the currency on his person. A good description of the holdup men has been given the police.

COLOMBIA EXPLORATION PARTY STARTS

Ten Chicago Men Begin Trip In Quest of Riches Adventure

Chicago.—Ten Chicago men, including merchants, bank clerks, two experienced miners, a physician and a naturalist, will start from Mobile, Ala., about April 2 on an expedition that promises unusual adventure, with more than a passing chance for some profit. It is known as the "Choeca expedition" and the men engaged in it are under solemn pledge to share and share alike in all the perils, pleasures, work and profit. Their 67-foot cruiser yacht, Merry Mac, is now being made ready for the journey in the harbor at Mobile. It has 60-horsepower engines and is a sturdy craft, although rather light to negotiate the Caribbean. The first destination is Buena Ventura, about 400 miles south of the Pacific end of the Panama canal. Then they will push inland as far as they can up the jungle lined San Juan river in Colombia. There are gold fields and platinum beds and other treasures in this district, and in the party are men thoroughly familiar with gold outcroppings.

As for adventure, there will be jungles where immense pythons coil in the trees, where tiny death-dealing adders abound, lagoons infested with alligators, pestilential streams, snow-covered Indian passes, hostile natives, mysterious temples and native queens.

Plans contemplate absence from Chicago for one year, but it is doubtful if the territory already mapped out can be covered in that limited time, even granting there are no delays or emergencies that will divert the activities of the expedition from its original course.

UP-STATE JOINS NEVADA ROAD BUILDING PLAN

\$450,000 to Be Spent on Highway From Reno to Utah Line

Sacramento.—A proposal to raise \$450,000 as Northern California's share of a project to construct from Reno, Nev., to the Utah line a substantial highway following the Overland route of pioneer days was adopted at a meeting here of hotel men and highway enthusiasts, called at the suggestion of L. A. Nares, former president of the California State Automobile Association.

Nevada counties through which the highway would pass have issued bonds for a share of the work, with the proviso that unless funds from other sources are forthcoming by October 1 the issues become void. Mayor Harry Stewart of Reno said Washoe county had turned over to the Nevada Highway Commission last week \$185,000 as its share of the road work.

Owing to the sparse settlement of most of the Nevada counties, it was conceded there must be assistance from other sources in building this highway, and so co-operation of Northern California and Utah was sought, speakers said, as the road would directly connect these localities.

Utah was willing to participate, F. C. Schramm, president of the Salt Lake City Commercial Club, declared.

With the money from Utah, California and Nevada an equal sum will be available from the Federal post road fund, speakers said.

PREPARATIONS TO FIGHT HESSIAN FLY COMPLETED

Washington. — Anticipating the possibility this spring of another of the numerous destructive outbreaks of the Hessian fly in the wheat fields of the country, the Department of Agriculture has made ready to combat it. Through appropriation by Congress, funds for the work were increased sufficiently to provide for the principal needs and three stations for the purpose of systematic study have been established at Carlisle, Pa., Centralia, Ill., and Wichita, Kas.

Through these stations it is hoped more will be learned this year about the Hessian fly than in any year since the British General Howe's hired Hessians are supposed to have brought the pest to Long Island during the Revolution. Exhaustive investigations are under way on parasites of the Hessian fly to determine what effect the presence or absence of any particular parasite has on periodical visitations of the fly. The last great outbreak came five or six years ago.

NEVADA WILL OBSERVE ARBOR DAY, APRIL 9

Carson City, Nev.—Governor Boyle has issued a proclamation designating April 9 as Arbor and Audubon day. The day will be observed as a holiday by the public schools throughout the state and special instruction will be given the pupils as to the usefulness of trees, shrubs, vines and birds in the economy of modern civilization, as well as from the point of view of beauty and pleasure.

PICTURE BRIDES FROM EUROPE, WOMAN'S IDEA

Excess Birth Rate, Poverty, Child Labor, Dividends For Rich

San Francisco. — Picture brides from Europe to take the place of the now prohibited Oriental picture brides of Japan is what the women of the Travelers' Aid Society think would be a fair deal to foreign girls who wish to follow their fiances to the United States and become their brides.

The idea is a new one, and is adopted would open up a thriving industry in matrimonial agencies in seaport towns, as the war has caused a dearth of men in Europe, particularly in Germany, France and Belgium, and has affected Britain to the point that there are millions more women in Great Britain than there are men.

Of course the American girl's chance for a husband would be a poor one, but these foreign-born girls would help Europeanize America and furnish more hungry children for the millowner.

The idea grows out of the deportation of a Greek girl who crossed the water to marry her fiancé in San Francisco. As the girl could not read she was detained at Ellis Island. An effort to teach her to read was made. She was ordered deported. Her fiancé is on his way to return to Greece with her, where they can be married. As his wife she can enter the United States.

"It is only one of many cases," said Mrs. S. G. Gomez, secretary of the Travelers' Aid, yesterday. "Girls are continually being turned back at Ellis Island because they cannot read. Otherwise they may be splendid women. Their promised husbands have evidently 'made good' else they could not send for the girls. But because the marriage has not taken place before the woman lands, she is deported if she is illiterate, while Oriental brides, no matter how illiterate, are admitted. They are only picture brides, and have never seen their husbands, yet they can enter the country. The European may have known his betrothed for years, and he cannot bring her here if she be illiterate."

BRYAN ASSERTS U. S. CAN STOP WAR IN EUROPE

Boston.—William J. Bryan, speaking at the Boston City Club last Saturday night, said that, if he were any judge, "things in Europe are now going toward war," and that "there is not a nation in the world that can stop them except the United States." Bryan added that a "word of advice now may mean more than a million men a year from now." "I believe," he said, "that the American people ought to tell the President and the Senate that we cannot afford to wait a year before we help Europe. It seems to me that anything so important as this ought not to be mentioned in connection with a party victory."

BROOM CORN BORERS FROM ITALY EXCLUDED

Washington.—A large number of enemy aliens recently reached New York from Europe, but the vigilance of the Department of Agriculture prevented their admission into the country. These enemy aliens were not of the human variety, but were European corn borer, secreted in 97 bales of broomcorn from Venice, Italy. Interception of the corn, experts said, prevented further spread of the pest, which now is known to exist in Massachusetts, New Hampshire, New York and Pennsylvania.

GREAT BRITAIN LISTS 27 KILLINGS IN IRELAND

London.—The assassination of 27 police and government employees in Ireland since January 1 of last year was officially announced in the House of Commons March 18 by James Ian MacPherson, chief secretary for Ireland. In reply to a question as to the number of murders and attacks in that period, he gave the following statistics:

Murders—Royal Irish constabulary, 18; Dublin police, 6; soldiers, 2; other government servants, 1. Total, 27.

Attempted murders—Irish constabulary, 65; Dublin police, 17; soldiers, 4; other government servants, 3. Total, 89.

In addition, 25 attacks were made on police in barracks.

DEEP SNOW IN SIERRA DEFERS CENSUS TAKING

Redding.—Deep snow prevented taking the United States census on the west shore of Lake Tahoe and in the northwestern district of Sierra county. Warren E. Dick of Redding, supervisor of the census, was unable to get anyone to enumerate those districts even though \$10 a day and expenses were offered. The enumeration of the district will have to wait until an enumerator can get around without traveling on snow shoes. Supervisor Dick is rapidly winding up the count in the 181 enumeration districts in the Second Congressional district.

MAYOR BURIED WITH POMP OF ROYALTY

Honolulu's Executive Sprung From Fighting Clan; Thousands at Funeral Service

Honolulu, H. T.—Mayor Joseph F. Fern of Honolulu, Keo Kimo Pana to his own people, the Hawaiians, who died a little more than a week ago, was the first commoner in the history of Hawaii to be accorded royal honors at his funeral, which was held with gorgeous display that recalled the old island monarchy.

For two days the body of the mayor, known as "Uncle Joe" and "the man of the people," lay in state in the former throne room of the old palace, now the Senate chamber of the Federal building, with the portraits of the kings and queens of Hawaii looking down on his bier, and the Daughters and Sons of Hawaiian Warriors, clad in their striking regalia, keeping the silent death watch.

Thousands of residents of Honolulu, rich and poor of all the many nationalities found here, flocked hour after hour past the bier to look for the last time on the face of the penniless mule driver from the Hills of Kohala, Island of Hawaii, who sat as mayor of Honolulu for five terms out of the six since the city and county government was established in 1907.

Sunday afternoon at 3 o'clock the casket was borne down the broad steps of the old palace and placed on the catafalque. Rt. Rev. Albert H. Boeynaems, Bishop of the Roman Catholic diocese of Zegugma, followed by his clergy, leading the way. The catafalque was drawn by three hundred "poolas," or stevedores, to whose union Mayor Fern belonged when he first came to Honolulu.

Outstanding from the long funeral procession were the Daughters and Sons of Hawaiian Warriors, wearing their flowing "ahuulas" or cloaks of green, red and yellow, replicas of the priceless feather capes of bygone days. At their head moved three giant "kahilis" or plumes on tall shafts, one black, two white, and immediately behind these, three crossed spears, denoting that the departed had come from the ranks of a fighting clan of the monarchical days.

The route of the cortege from the old palace to the Roman Catholic cemetery was lined with thousands, while other throngs crowded the ancient burying ground as Mayor Fern's body was lowered to its last resting place.

John H. Wilson, formerly city engineer, in whose blood also runs the blood of Hawaiian warriors, has been selected by the supervisors to succeed to the mayoralty.

BAPTISTS ARRANGING FOR CALIFORNIA DRIVE

San Francisco.—The detailed plans by which the Baptist Church of Northern California will raise in the week from April 25 to May 2 its quota of the \$100,000,000 sought by the church nationally were discussed at a meeting March 20 at the Fairmont hotel with county campaign directors of the Northern California counties. The principal speaker was A. A. Prozman, nationally known as an organizer, and in general charge of the Western division of the Baptist New World Movement.

Conferences will be held to perfect the final plans for the canvassing of the individual church memberships during the drive.

The following were in attendance: Vernon H. Cowsett, Corning; R. C. Webster, Artois; F. Carl Trux, Selma; Millard L. Thomas, Oakland; Albert E. Patch, Stockton; J. H. Rogers, Monterey; C. W. Maman, San Jose; Charles G. Ritchey, Redding; H. S. Sorensen, Selma; Harry S. Boardman, San Francisco; Rev. T. M. Davis, Fresno; T. S. Tompkins, Pasadena; Rev. Luther Arthur, Healdsburg; H. L. Kemp, Healdsburg; J. R. McKillop, Napa; Mrs. Miles E. Fox, Oakland; Mrs. J. M. Brough, Berkeley; Mrs. H. D. Zimmerman, Oakland; Rev. and Mrs. L. P. Russell, Vallejo; C. A. Beecher, Stockton; Chester A. Wood, Santa Cruz; Ford Kitchel, Oakland; C. W. Brinstad, Oakland; F. B. Gillett, Sacramento; C. E. Tingley, Oakland; Claiborne M. Hill, Berkeley; L. V. Manford, Arbutle.

SOCIALISTS PLAN DEMONSTRATION FOR GENERAL AMNESTY

Chicago.—A "spectacular but dignified" effort to secure the release of Eugene V. Debs from the Atlanta, Ga., penitentiary will be made in Washington, D. C., April 13, the National Socialist headquarters announced today.

Debs, who will probably be the next Socialist Presidential candidate, was convicted under the espionage act and put into the prison last April 13. Delegations of Socialists and radicals from all parts of the country will march up Pennsylvania avenue to the White House and general amnesty will be asked for "all Socialists and radicals confined or under prison sentence under espionage act convictions."

At the same time resolutions declaring such amnesty will be introduced in the House and Senate, according to the plan.

GOMPERS ATTACKS INDUSTRIAL REPORT

Declares Government Agency Could Not Accomplish What Unionism Is Already Doing

Washington. — Recommendations by President Wilson's conference for settlement of industrial unrest were attacked March 20 by Samuel Gompers, president of the American Federation of Labor. In a prepared statement he said the machinery for adjusting disputes between employees and employers "which has for years been in existence in practically every organized industry in the United States is superior to the machinery now suggested by the industrial conference both in point of simplicity and in point of effectiveness."

"The conference," said Gompers, "has devised a mass of machinery to be made effective by law, composed of a national industrial board and local and regional conferences and boards of inquiry." He says the whole situation in this respect may be summed up as follows:

"Tried and tested machinery for conciliation and arbitration between employers and employees exists wherever employees are organized."

"This machinery functions perfectly wherever employers forsake the spirit of dominance and the attitude of autocracy."

"Through use of this machinery it has been found possible to maintain industrial peace with no stoppage of work of any kind for periods ranging from ten to forty years. No machinery devised by the Government or its agencies or supervised by the Government or any of its agencies could achieve results superior to the results achieved by machinery which has long been in operation in our industrial life."

"In industries where the employees are not organized, no machinery of any kind, whether supervised by Governmental agencies or otherwise, can produce industrial justice. Organization of the workers is the fact upon which must be predicated the existence of any machinery for the settlement of disputes, of the extension of the principles of democracy in industry."

"Surely no intelligent agency can hope to achieve progress in American industry without organization of the workers. With organization of the workers, no structure of machinery need be thrust upon it from the outside. Organization brings with it machinery which is both adequate and practical, the result of experience shorn of any of the fantasies of pure theory."

Discussing the proposed independent shop suggestions, Gompers says:

"The trade union, as a whole, is opposed to what are known as 'shop committees' and 'shop organizations,' because they are fundamentally wrong in principle and because they, in no sense, serve the real interests of the workers, but readily lend themselves to the designs of employers hostile to trade unionism and are, in fact, almost without exception, creatures of employers."

"American labor understands, perhaps, more fully than American statesmen, the needs of the world in this hour, and it is exerting every effort to see that those needs are met with intelligence and with promptness."

"Labor, if it be permitted, can, out of its intimate knowledge of industry, supply much of the intelligence that will guide to a conduct of industry out of which will come that increased production which is so greatly to be desired, but which has thus far called forth as little real effort from the employers."

"The fact of the whole matter is that the President's commission, even though prompted by the best of motives, had neither the experience nor the understanding of the history, the methods and purposes of the organized labor movement and it followed in the wake of others, whose only purpose has been to get away from the trade union influence and constructive work."

MYSTERY VEILS REPORT OF TWO KILLED IN TRUCK

Bakersfield.—Mystery enshrouds the motor truck accident on the ridge route Friday night, March 19, when Robert Evans and Ben Glacer, who were traveling with the truck, were reported to have been killed. Sheriff John C. Cline of Los Angeles telephoned to Sheriff Daniel Boone Newell, asking for further particulars of the accident. Cline said that inquiry in Los Angeles at the coroner's office and at undertakers' had failed to reveal anything about the accident or that the bodies had been brought to Los Angeles. No official here knows anything about the accident.

Sheriff Newell made inquiry of the local coroner, who said that he understood the accident happened in Los Angeles county and the bodies would be taken to that city.

Stage drivers reported that the truck, with its load, weighing eight tons, had left the highway in such a way as to preclude the probability that any one was killed. Cars passing the reported scene of the accident reported that they had seen no truck there.

CALOMEL SELDOM SOLD HERE NOW

Nasty drug salivates, makes you sick and you lose a day's work.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. **Dodson's Liver Tone** is taking its place.

Calomel is dangerous and people know it, while **Dodson's Liver Tone** is perfectly safe and gives better results," said a prominent local druggist. **Dodson's Liver Tone** is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take **Dodson's Liver Tone** instead and feel fine, full of vigor and ambition.—Adv.

DO YOU NEED A KIDNEY MEDICINE?

Dr. Kilmer's Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble, it may be found just the medicine you need. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle healing herbal compound—a physician's prescription which has proved its great value in thousands of the most distressing cases according to reliable testimony.

You may have a sample size bottle of this always reliable preparation by Parcel Post, also pamphlet telling about it. Address **Dr. Kilmer & Co.**, Binghamton, N. Y., and enclose ten cents, also mention this paper.—Adv.

NAME "BAYER" MEANS ASPIRIN IS GENUINE

Prescribed by physicians for over 18 years

Shave With Cuticura Soap The New Way Without Mug

Sure! High Heels Cause Corns But Who Cares Now

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which to the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.—Adv.

THE CONSTITUTION

Ay, tear the tattered ensign down! Too long it's been our guide. Too long we've bent the facile knee. Regarded it with pride. By it we've steered our course, 'tis true. And in it placed our trust— But now the time has come at last To trample it in dust.

George Washington regarded it With reverence and awe. Ben Franklin held it of the State The fundamental law. While Lincoln—but we pray you cease Of puny men to prate! A band of alien supermen Declare it out of date.

REUNION

Summer, long fled—and lo, a purple veil Wide flung to hide the naked, trembling trees; A mournful note was in the brook's low song. A minor key re-echoed in the breeze. The blossoms fell and faded, one by one, As southward, ever southward, moved the sun.

And then you came, and stood beside my chair, Clapsed close my hand, and looked into my eyes, Laid tenderly your cheek against my hair— You seemed a messenger from Paradise— A visioned angel that could heal the smart The years had left upon my vanquished heart.

Outside the dead leaves whirl in eddying gusts: But what to us is wind or stormy strife? The sunshine of a summer, memory-clasped, Has left one mirrored ray across my life. There is no autumn now of doubts and fears, For us, united after many years. —Adelaide Sherman, in Springfield (Mass.) Republican.

Wanted All the Frills

Solicitor (whose client is thinking of getting a divorce)—Well, you can get it for about 20 pounds; everything done quietly and no publicity.

Client—And how much will the real thing cost, with lots of publicity and everything?—Blighty, London.

"Diamond Dye" Old Clothes

See faded, shabby dresses, coats, skirts, sweaters, blouses, gloves, feathers, draperies, everything turn new.—Adv.

Watch Cuticura Improve Your Skin.

On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexions, dandruff, itching and red rough hands.—Adv.

NOTICE.

School Board Election Notice

Notice is hereby given to the electors of Cambrian School District, in the County of Santa Clara, and State of California, that in accordance with the provisions of the Political Code of the State of California, as set forth in Section 1880, to and including Section 1888 of said Code, an election will be held on the 15th day of April, A. D. 1920, at the Public School House in said Cambrian School District, at which time will be submitted to the electors of said District the question of issuing the bonds of the District and selling the same, for the purpose of raising money for making alterations and additions to the school building; for supplying said building with furniture and necessary apparatus, and for improving the school grounds.

The polls will be open and the election held at the School House, in said Cambrian School District, on the 15th day of April, 1920, and the polls will be open from 8 o'clock A. M. of said day until 6 o'clock P. M. of said day. A. F. Hill will act as Inspector and L. Shelly and William Finnamore will act as Judges of said election to conduct the same.

The amount of bonds to be issued is Ten Thousand dollars, of the denomination of One Thousand dollars each, and to bear interest at the rate of 6 per cent per annum, payable semi-annually.

Said bonds are to be numbered consecutively from 1 to 10 inclusive, and are to run, mature and be payable as follows, to-wit:

Bond No. 1: One year from date of issuance.
Bond No. 2: Two years from date of issuance, and so on, one of said bonds, to the order of their numbers, maturing and being payable each year until all are paid, the last of said bonds maturing and becoming payable ten years from date of issuance.

Said election will be held in conformity with the provisions of the Political Code of California governing such elections.
Dated March 5th, 1920.

Mrs. Louis Shelley,
C. E. Hamer,
F. E. Duncan.

Board of Trustees of Cambrian School District.

Notice to Creditors

Estate of Fritz Gebb, Deceased.
Notice is hereby given by the undersigned Administrator of the estate of Fritz Gebb, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within four months after the first publication of this Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Administrator at his place of business for said estate, to-wit: At the law offices of S. G. Tompkins and Brooks Tompkins, Rooms 3-8 Auzerais Bldg., San Jose in the said county of Santa Clara.
San Jose, California, this 2nd day of March, A. D. 1920.
Amos O. Williams, Administrator of the Estate of Fritz Gebb, Deceased.
S. G. Tompkins and Brooks Tompkins, Attorneys for the Administrator.

NOTICE of the Proposed Formation of Campbell Lighting District

Notice is hereby given that at a regular meeting of the Board of Supervisors of Santa Clara County, State of California, held on the 15th day of March, 1920, a petition signed by more than twenty-five taxpayers and residents of the unincorporated Town of Campbell, in the said County of Santa Clara, praying for the formation of a public highway lighting district, to be known as the "Campbell Lighting District," and setting forth the name and boundaries of the said proposed lighting district, was presented to and filed with said Board of Supervisors, and that said Board of Supervisors has fixed Monday, the 12th day of April, 1920, at 10:00 A. M., at the office of said Board of Supervisors in the Court House in the City of San Jose in said County of Santa Clara, as the time and place of the hearing of said petition and of the protests of interested parties thereof.

The following are the boundaries of said proposed lighting district as set forth in said petition: Beginning at a point in the center of the Los Gatos Creek where the north line of the Page Subdivision intersects same, and thence running in a westerly direction along the said north line of the Page Subdivision, to its intersection with the center line of Page Street; thence along the northerly projection of the center line of Page Street to a point 150 feet distant from the northerly line of the Page Subdivision; thence in a westerly direction, parallel and distant 150 feet northerly from the north line of said Page Subdivision to the westerly line of the right of way of the Southern Pacific Railroad Company; thence northeasterly along said westerly boundary of said right of way to the southeast corner of lands of J. O. Souto; thence westerly along the south line of lands of J. O. Souto to a point 150 feet east of the east line of Central Avenue; thence northerly and parallel to said east line of Central Avenue and distant 450 feet easterly therefrom to the intersection with the northerly line of Lot 10 of the Sly Subdivision; thence westerly along the north line of Lots 10 and 41 of said Sly Subdivision and its westerly projection thereof to its intersection with the northerly projection of the westerly line of the Moulton Tract; thence south along the said west line of the Moulton Tract and its northerly projection to the northerly line of the lands of W. R. Williams; thence westerly along the northerly line of said lands of Williams and its westerly projection thereof to its intersection with a line parallel to and distant 150 feet westerly from the west line of Second Street; thence southerly along said line parallel to and 150 feet distant from the westerly line of Second Street to a point distant 150 feet northerly from the north line of Campbell Avenue; thence westerly, parallel to and distant 150 feet northerly from the north line of Campbell Avenue to the east line of the Santa Clara and Los Gatos Road; thence northerly along said east line to its intersection with the easterly prolongation of the north line of the 6 acre tract of land owned by S. N. Hedegard; thence westerly along said northerly line of Hedegard and its easterly prolongation to a point 300 feet west of the westerly line of the Santa Clara and Los Gatos Road; thence southerly, parallel to and 300 feet distant westerly from the west line of the Santa Clara and Los Gatos Road to a point in the westerly prolongation of the center line of the Alley running east and west through the center of blocks 1 and 2 of Sunnyside tract; thence easterly along the westerly prolongation of said center line of said Alley, the center line of said Alley and its easterly prolongation to its intersection with the center of the Los Gatos Creek; thence northerly down the center of said Los Gatos Creek to the place of beginning.

For further particulars, reference is hereby made to said petition on file with the Clerk of said Board of Supervisors.
Dated, March 15, 1920.

Henry A. Pfister, Clerk of the Board of Supervisors of Santa Clara County.

By Eugene M. Don Deputy Clerk.

Misses Mary and Frances Kellogg, of Hollywood, are Easter week-end guests on their college friend, Miss Stella Leviston, at the Geo. Phelps home on Hamilton avenue.

Dr. Bassett, of Stanford, will conduct the tests at the Grammar School Tuesday, April 6, Child Welfare day. Many parents are anxious to have mental tests made on their children, and this is their opportunity. These tests are made with out charge.

Rev. B. H. B. was at one time stationed at Camp Fremont with the band that helped Campbell celebrate, is expected from the east this month to cast his lot with the other California lovers. He will be a guest at the H. W. Higbie home for a time.

Mrs. D. F. Duncan and daughter Silvia, are guests at the F. E. Duncan home this week. Freeman is expected down for the week-end. Other guests of the family this week were Edgar Duncan, of Ceres, Mrs. Jas. Donohue and baby, Mrs. Geo. Bartlett, of Buck Meadows, and Mrs. Wilson, of Tuolumne.

Monday, April 5, is election day for the commissioners for Campbell fire district. Among the names suggested or mentioned for the chairs are W. C. Bohnett, R. H. Hyde, L. Genasci, and E. E. Langhear. There will be a contest for seats on the board and much interest is being shown. W. C. Bohnett, the proposed new member, and the incumbents are contestants for the popular vote and a fair sized ballot is looked for. There are three to be elected and the polls will be open from 1 to 5 Monday afternoon, at the Library building.

THE SUGAR SHORTAGE has placed candy on trial before the bar of public opinion. Candy is accused of being the thief that has robbed the national sugar barrel.

Candy is charged with having been responsible for the sugar shortage.

Housewives say that the reason they cannot buy all the sugar they need is because the candy manufacturers use such a large quantity that none is left for household usage.

What are the facts? What does the evidence disclose? The public is prone to arrive at quick conclusions without first carefully considering the facts.

The public assumes that the candy manufacturers use an enormous amount of sugar, and that most candy is made entirely from sugar.

Nothing could be further from the truth.

The facts are that while sugar is the chief basic raw material used by candy manufacturers, there are many other kinds of raw materials used in large quantities, such as chocolate, molasses, fruits, nuts, corn syrup, starch and various other food products.

Candy being composed of these various kinds of raw materials is very high in food value.

The craving for "something sweet" is nature's call for carbohydrates, which supply fuel for the human engine, and which is most acceptably supplied in the form of candy.

High Actors Score Big Farce Hit

The Junior-Senior farce was very well presented by pupils of the High School last week, and they, as well as the director, Miss Vaudine Putnam, are to be highly complimented.

Emil Mrak and Helen Kalas, as the charming, joyous, match-making newlyweds, entertaining their friends, were very much "at home."

Neva Williams, as the engaged debutante, although in a peck of trouble with her fiance and the parson, finally won the day, the man and captivated the audience.

Miriam Paschall, a student of economics, and getting "inside information" by acting as housemaid, carried her difficult parts very well, and of course stopped her general subject to study a particularly attractive object in the form of a male golf-friend, Raymond Hulseman, who made a very efficient house-party partner.

Harold Ouimet, the rector who "just came across to be of service," was the scream, at every appearance, and will do well to follow up that as his life work.

Melvin Cairns was a most persistent, though backward lover, always peevish, but game.

The next production of High school talent will be the May festival, the 13th and 15th of May.

Locals and Personals

Miss Annett is able to be about shopping again.

A. B. Townsend, and son Irving, spent the fore part of the week at their ranch near Modesto.

C. R. Stoller and family have moved to San Jose, where Mr. Stoller is engaged in the realty business.

Mr. and Mrs. I. W. Snow are in attendance at the High School principals' convention at Carmel this week.

Mrs. Ruth Miller and Miss Esther Lawrence, of San Francisco, were week-end guests of their father, J. E. Lawrence.

Work was begun Wednesday on Mrs. Ellen Smith's property on Second street, getting ready for the erection of her new house.

E. W. Preston is expected to be able to return home within the week. He has been taking medical treatment for some time.

Mr. Robt. Campbell left Monday for his ranch at Delta, Utah, after spending several weeks here with his daughter, Mrs. H. W. Higbie.

The Misses Gertrude and Dorothy Gillette, of San Quentin, arrived yesterday to spend the Easter week-end with their friend, Mrs. R. W. Mills.

F. O. Bohnett was elected as new trustee of Cambrian district, at Tuesday's election. Mildred Keesling Husted was elected to the board in Hamilton district.

Mrs. W. T. Alexander is recovering from a two-weeks' siege of bronchitis and a light attack of flu. Her son, Dr. Carpenter, was down to see her Sunday.

N. O. Hultburg expects soon to begin the erection of a modern eight-room bungalow on his Union avenue ranch. O. Strom, one of Campbell's prominent builders, has the building contract.

Registration for the May primary closes tomorrow (Saturday) evening, and there are a number of citizens in Campbell who should show their Americanism by registering at once. This is the big year and the fight is on. Get into it.

Instruction for Nurse Calls

Considerable confusion has arisen in regard to calls for the Community nurse, who is also the nurse for the Metropolitan Insurance Co. Holders of policies from that company are entitled to one or more visits from a nurse, for which the company pays.

If calls from Metropolitan policy holders are sent in to be made on days when the nurse is here as community nurse, that company pays fifty cents per call to our local nurse fund, but if the visits are asked for on other days of the week they should be made directly to Metropolitan headquarters in San Jose.

Mrs. W. I. Merrill is not an agent for Metropolitan calls, only when they are wanted on Campbell days: Monday and Wednesday forenoons and all of Friday. If such policy holders could have their visits made on those days, it would help our fund, but on other days, as stated, calls should be made directly to San Jose.

Johnson Avenue Club Entertains

The "garden party" planned by the Johnson Ave. Club in honor of the several women's clubs of Campbell community for last Thursday afternoon was turned into a "house" party, owing to the March showers. However, they seemed in no measure to dampen the pleasure of the afternoon, some forty-five ladies being present and enjoying the sociability of the day.

Altho it was impossible to inspect the many beautiful beds of gay posies "close up," they were almost as attractive viewed from the roadways and from the windows.

An impromptu program included the reading by Mrs. E. I. Price of verses entitled "The Lady of Garden," in honor of Mrs. Higbie; solos by Mrs. J. J. Pardee and Mrs. L. J. Carbone, and talks by Mrs. J. E. Richards and Mrs. Davey, of the Out Door Art League.

The Campbell Boys' Band was present by invitation and played several selections. Upon Mrs. Higbie's initiative, a collection was taken up and a generous sum was contributed toward the uniform fund for the band.

The hostess club served dainty refreshments of tea and cake, and when the visiting clubs departed it was with many words of appreciation to the members of their sister club for the opportunity of co-mingling in such a pleasant way.

Prof. and Mrs. R. J. White, of Antioch, were week-end guests of Mr. and Mrs. C. E. York. The gentlemen were school associates at Port Angeles, Washington, and Mr. White is now principal of the Antioch High.

Winfield Turner has purchased the A. S. Clark ranch, on Leigh avenue, and moved his household bag and baggage to his new home Wednesday. Mr. Clark will soon leave for Humboldt county, where he has bought a large stock ranch.

Mrs. J. F. Duncan is able to be up again, after an illness which kept her in bed for two weeks. Mrs. Easton Carter is here in the capacity of nurse and housekeeper, and expects to remain until Miss Elizabeth Duncan is home from Berkeley.

After a delightful ride through the valley on Blossom Day, those who enjoyed the hospitality of the R. O. Curry home were: Mr. and Mrs. Boashart, Mr. and Mrs. Becker, Miss Elenore Evans, Dr. Armstrong, Dr. Becker and Harry Boashart, all of San Francisco, and Mrs. Hattie Harriman, Miss Edna Harriman and Walter Harriman, of Payne avenue. The city people declared it was a great treat to pick oranges from the trees as well as to see the blossoms.

JOHNSON for President

"I would not send a single American boy across the sea to his death in a boundary dispute between Roumania and Serbia, or any other of the countries situated in Europe."

Mrs. J. D. Blaine and Miss Laura, and Mrs. Warren French, were dinner guests Wednesday of the Misses Adella and Gertrude Cook, of San Jose. The hostesses are home for their Easter vacation from their respective schools at San Mateo and Santa Barbara.

Probably the most quiet school election in the history of Campbell, was that of last Friday, when but thirteen of the estimated 400 voters of this district voiced their choice by casting their ballots. Dr. A. B. Townsend was the retiring trustee on the High School board, and his name was printed on that ballot. Mr. C. E. DeSelle was the outgoing member of the Grammar School board, and as no name appeared on those ballots, his name was written in by the few who exercised their franchise. Both trustees were unanimously elected.
